

MINISTRY PARTNER DEVELOPMENT AND THE SENDING CHURCH

Are you a Sending Church or considering becoming one? Learn more about partnering with a church plant by receiving MSC funds for your church planter. Here are a few things you need to know:

- Only endorsed church planters can use NAMB's MSC platform to raise financial support for their ministry. Click here to see a list of endorsed church planters along with other endorsed NAMB missionaries: missionaries.namb.net.
- Send Network church planters must have a Sending Church or Sponsoring Entity that agrees to accept MSC funds from NAMB on a monthly basis.
- Sending Churches are required to complete an electronic document agreeing to accept MSC funds, provide direct deposit information to NAMB's Financial Services office, and work with the church planter to determine employment status as it relates to disbursing funds to the church planter.
- We strongly encourage churches to seek advice from a tax professional on how best to handle employment decisions regarding the church planter.
- Once the church planter's church becomes an established church (e.g., has an Employer Identification Number (EIN), an SBC ID number, bylaws, etc.), the church planter can request that the MSC funds be redirected to go directly to the church plant.
- For more information related to Ministry Partner Development and the MSC program offered to all NAMB-endorsed church planters, click here: namb.net/msc.
- If you have additional questions, you can reach out to help@namb.net or msc@namb.net.
